The Save A Pet Newsletter

A Message of Gratitude to Our Anonymous Friends

Whether you support SAP through Chewy donations (they don't supply names to us); or you suggest to others to donate to us for a specific reason (i.e.spay/neuter); or sign up at Kroger designating SAP as your charity; maybe you leave items at the shelter for us to resell or to use such as blankets, dog toys and treats, cleaning or office supplies...we want you to know that you are appreciated. You fill a special need and help make Save A Pet complete.

With grateful hearts,
Your SAP staff and pups

Gidget and Rosie Are Looking for Forever Homes

Look at this baby!! Little Gidget is the newest member of the Save A Pet Family! We pulled her from our local animal control recently. She is so sweet! (Pictured with kennel tech, Cynthia Collins, on the ride to SAP from Monroe County Animal Services.)

Everyone meet Rose or "Rosie" as we like to call her. Rosie was pulled from Monroe County Animal Services on March 4. After meeting her the day before when we pulled little puppy Gidget, we just knew we had to have her too! We took her to the vet the following day and this is how she chose to wait for her turn to be seen- sitting in the chair like a human! She is sweet and friendly! Rosie loves everyone she meets and is the perfect size! She is said to be a 2 year old Beagle mix and weighs 29 pounds. We know she will get adopted quick!

SAP Success Story: Silas

This sweet boy, Silas, has been officially adopted after his neuter surgery. This little fella was found as a stray by a Good Samaritan, reported to local animal control, fostered by a potential adopter for the stray hold period, and approved to be adopted post surgery. This is a story of "the village" it takes to do this work. Thank you, Brandi, for loving and caring for this precious baby and getting him ready for his big day! Congratulations, Silas and Brandi on your happy ever after!

SAP Success Story: Scout

Scout was adopted in 2019 from Save A Pet. He is doing fine and enjoys being pampered by his family.

SAP Success Story - Kadie Belle

A silver lining emerged from our challenging period of closure, renovation, and weathering winter storms - the joyful adoption of our beloved Kadie Belle!

She found solace in the care of our very own Momma Cherri, who fostered her.
After nearly two weeks of nurturing, Kadie didn't return to the shelter with the other dogs, and we didn't need to ask why - we simply let love take its course! We watched with delight as this little one blossomed, growing more confident with each passing day.
Every photo and video shared by Cherri and Buddy showcased Kadie's transformation into a loving companion. Despite some mischievous moments, including 'toilet papering' the house and attempting to 'help' with kitchen renovations, Kadie evolved into the pup we knew she could be - capable of receiving and giving love abundantly.

Her journey from a timid, shivering escape artist, for whom we even fitted an AirTag, was nothing short of remarkable. We are overjoyed to declare that Kadie has found her forever home, where she'll be cherished and adored.

SAP Success Story: Alberto

Happy Ending with a "foster fail"
Sweet Alberto grew up with us at Save A Pet. He came at the wee age of 3 months with his four sisters from Monroe County Animal Services.

This happened to be a very difficult period of time when our shelter was absolutely slammed and we ended up with 4 litters of puppies- one of which was a litter of NINE puppies dumped at our door...

After spending over 2 years at the shelter, Momma Libbie took Alberto home to see how he would do with her "crew" back in December.

Alberto never came back until today to finalize his adoption! We could not be happier with his new family! Alberto is such a sweet and gentle boy who deserves all the love that Libbie has to give.

New Statewide Animal Welfare Initiative from Atlanta Humane Society

Operation Humane is a new statewide initiative powered by the Atlanta Humane Society. It was created to strengthen animal welfare efforts across Georgia by working alongside local organizations, agencies, and advocates—building capacity where it's needed most. This initiative focuses on providing communities across the state with the dedicated, personalized support they deserve:

Cruelty Investigation

Working directly with law enforcement to investigate cruelty and neglect, providing trained personnel, forensic support, and operational expertise when cases demand more resources than a department can carry alone.

Disaster Relief

Responding to disasters and large-scale emergencies with coordinated teams who can mobilize quickly, stabilize situations, and ensure animals are safely sheltered and documented.

Law Enforcement Support

Training animal control officers and local agencies, equipping them with the knowledge, tools, and confidence to enforce laws effectively and humanely.

Animal Welfare Support

Partnering with shelters and animal welfare organizations to expand their capacity — sharing staff support, strategic guidance, and resources including pet food and capital improvement work.

Community Support

Educating and empowering communities, giving residents the tools to prevent cruelty, respond to need, and advocate for animals in their own neighborhoods.
